Public Session

September 19, 2023

Agenda Item	Reason for Review and Request for Approval
a. Consent Agenda Cover Page	Reference only.
b. Draft OneCare Public Session Minutes August 15, 2023 **c.** Draft OneCare Public Session Minutes August 31, 2023	Review and approval of prior month's minutes.
d. Board Committee Reports September 2023	Summary of Board subcommittee meetings from the past month.

OneCare Vermont Accountable Care Organization, LLC
Board of Managers Meeting
August 15, 2023
Public Session Minutes

A meeting of the Board of Managers of OneCare Vermont Accountable Care Organization, LLC ("OneCare") was held remotely via video and phone conference on August 15, 2023. Public access was also available at the OneCare Offices in Colchester, Vermont.

I. Welcome Board Managers, Invited Guests, and Members of the Public

Chair Wallack welcomed members of the public in attendance and offered the opportunity to introduce themselves.

II. Call to Order and Board Announcements

Chair Wallack welcomed Sandy Rousse to the Board as the newest elected Board Manager representing home health and hospice. She also discussed the release of the NORC report which indicates strong progress in the fourth year of the model.

Chair Wallack indicated that Managers are interested in occasional in-person meetings and management is looking at October at Central Vermont Medical Center. Managers should look for an upcoming email with details, including consideration of a new date and time for October.

The meeting was then paused as a quorum was not achieved until additional board managers could join the meeting. Board Chair Anya Rader Wallack called the meeting to order at 5:55 p.m.

III. Meet Vermont's New Medicaid Director

Chair Wallack introduced Monica Ogelby, Vermont's new Medicaid Director. Ms. Ogelby provided an introduction to herself and the Medicaid program in Vermont. Her position is situated within the Agency of Human Services (AHS) where she oversees and coordinates Medicaid policy across all departments at AHS as well as with the Agency of Education. Ms. Ogelby ended by describing her listen and learning orientation process and how she hopes to work with OneCare moving forward.

IV. Q2 Corporate Goals Status Report

Sara Barry, Chief Operating Officer, provided the Board with a detailed review of the status of management's progress on 2023 corporate goals as of the end of the second quarter (June 2023). Ms. Barry discussed each goal as outlined in the public session materials. The Board reviewed and discussed progress and did not request any changes or updates to the goals.

V. Public Consent Agenda Items

The Board reviewed consent agenda items including: (1) Draft Public Session Minutes from July 18, 2023; (2) Board Committee Reports August 2023; (3) CMO Corner; (4) Q2 Financial Statements; (5) Summary of Policy Changes; (6) 08-01 Board of Managers Nomination; and (7) 08-02 Governance.

An opportunity for discussion was offered.

The Consent Agenda items were approved via electronic vote.

VI. Governance

A nomination to the Population Health Strategy Committee was presented and discussed by the Board.

A Motion to approve the resolution appointing Laura Nelson to the Population Health Strategy Committee was made by J. Sayles, seconded by T. Huebner, and was approved via electronic vote.

A nomination for the reappointment of a Manager for the skilled nursing facility seat from August 2023-August 2026 was presented and discussed by the Board.

A Motion to approve the resolution appointing Coleen Condon to the Board of Managers was made by S. LeBlanc, seconded by S. Rousse, and was approved via electronic vote.

VII. Public Comment

There was no public comment.

VIII. Move to Executive Session

A Motion to Approve the Resolution to Move to Executive Session was made by C. Condon, seconded by S. Rousse, and was approved by a majority.

IX. Votes from Executive Session

1. Approve Executive Session Consent Agenda Items – **Approved by supermajority via email.**
2. Approve PY 2024 Network Participation Variance – **Approved by supermajority via email.**
3. Approve Q2 Corporate Goals Progress Report – **Approved by supermajority via email.**
4. Approve 2022 Audited Financial Statements – **Approved by supermajority via email.**

X. Adjournment

Upon a Motion by J. Sayles, a second by T. Huebner, and approval by a majority vote, the meeting adjourned at 6:30 p.m.

Attendance:

OneCare Board of Managers Committee Reports

September 2023

Executive Committee (meets monthly)
The Executive Committee nominated the following: a candidate for the Medicare Consumer Representative, redesignating an existing consumer seat to an ad-hoc board seat, a candidate for the final vacant ad-hoc Board manager seat, a new member to the Population Health Strategy Committee, and three new members to the Patient and Family Advisory Committee. The committee also discussed contracting strategy and the upcoming PY24 budget. The committee is next scheduled to meet on October 5, 2023.

Finance Committee (meets monthly)
At its September 13th meeting, the committee received updates on the 2022 financial audit and PY24 network participation. They discussed the 2024 budget, 2022 Medicare settlement, and AIPBP reconciliation. They also discussed aspects of the proposed Medicaid Global Payment Program pilot. The committee is scheduled to meet next on October 11, 2023.

Population Health Strategy Committee (meets monthly)
At its September 11th meeting, the committee discussed the Primary Care Mental Health Initiative, several waivers, and received an update on the 2023 PHM metrics. They also discussed the SDOH alignment meeting, the value-based care guidance document, and annual quality scorecards. Updates on program evaluation work and the upcoming data analytics platform transition were also provided. The committee is next scheduled to meet on October 9th, 2023.

Patient & Family Advisory Committee (meets monthly)
Committee did not meet in August 2023. The committee is next scheduled to meet on September 26, 2023.

Audit Committee (meets quarterly)
The Audit Committee met on June 30th. Earnest and Young was invited to the meeting and presented their findings from their 2022 financial audit. Pending any changes, the committee accepted the report and recommended it be presented to the Board when it is complete. Additionally, a compliance work plan status update was presented and approved. The committee is next scheduled to meet on October 30, 2023.

Arnie Tannen

My interest in being an ACO Medicare board member is probably twofold. First, I have spent a career in the healthcare industry both as a provider and as a payer. My knowledge of the industry runs deep and I believe I have a lot to offer the ACO by way of my experience and understanding of how both sides think and operate. In addition, having recently retired, I would enjoy the opportunity to stay involved in the world of healthcare in any way I can.

PARTNER AT FLORMAN TANNEN
Arnie held senior leadership positions with Aetna and Horizon Blue Cross, where in both cases he was responsible for regional provider network strategy and contracting. Clients profit from Arnie's experience launching Northwell Health's Cohen Children's Hospital, as well as serving as COO at Long Island College Hospital. His diverse background also includes management positions with a federally funded regional planning agency and a software systems corporation specializing in behavioral health.

About Florman Tannen:

Florman Tannen works with healthcare providers to optimize their payer contracts and relationships. For more than 18 years, Florman Tannen has served a wide variety of providers, facilities, and vendors.

Jessica Moschella

Jessica joined the UVM Health Network in January 2023 as senior vice president for high value care. She is responsible for leading the organization's work to improve outcomes for populations of patients across Vermont and New York, and to advance value within the care delivery system.

Prior roles in value-based care and population health include: executive director of the Newton-Wellesley Physician Hospital Organization and vice president of provider network performance, executive director of Emerson Physician Hospital Organization, and director of population health management at Mass General Brigham (formerly Partners HealthCare). Jessica served as the administrative director for the Massachusetts Health Care Quality and Cost Council.

Jessica has an extensive background in public health programming domestically and internationally. This work includes the director of HIV community services at the Cambridge Health Alliance, providing consultant services to hospitals, schools, and NGOs throughout South Africa, and serving as Peace Corps volunteer in Bolivia.

Jessica completed her undergraduate studies at the University of Pennsylvania and graduated from Tulane University's School of Public Health and Tropical Medicine with a Master's Degree in Public Health in International Health and Development.

SUMMARY OF SERVICE ACTIVITIES

As the Vice Chair of Quality Improvement and Population Health, I oversee all quality and safety initiatives in the UVM Children's Hospital inpatient units and ambulatory clinics. In addition to my role as chair of the UVMMC Quality Assurance and Improvement Committee, I serve on several UVMMC and UVMHN committees to advance the quality improvement, patient safety and population health initiatives that extend past the department of pediatrics. As co-chair of

the UVMMC High Value Care Population Health Committee, I prioritize and support population health initiatives involving patient and family advisors and community partners. I mentor faculty on quality improvement projects, lead multidisciplinary teams to improve care delivery systems, clinical outcomes and patient safety.

I serve on two national committees to address food insecurity for Epic and the Cystic Fibrosis Foundation. I am also a reviewer for *Pediatrics* and the Academic Pediatric Association Implementation Science and Quality Improvement Research Abstracts.

TEACHING AWARDS AND NOMINATIONS

Year	Award
2014	Amal Muraka Teaching Fellow Award, UNC School of Medicine Chapel Hill, NC
2013	Amal Muraka Teaching Fellow Award, UNC School of Medicine Chapel Hill, NC
2008	Pediatric Teaching Resident Award University of Vermont Children's Hospital, Burlington, VT
2009	Pediatric Teaching Resident Award University of Vermont Children's Hospital, Burlington, VT
2009	Pediatric Teaching Resident Award University of Vermont Children's Hospital, Burlington, VT

SUMMARY OF TEACHING ACTIVITIES

Teaching and quality improvement scholarship have been my major priorities. I have developed several curricula to teach quality improvement, patient safety and population health to medical students, residents, fellows and faculty. I have instructed a curriculum in improvement science and patient safety to faculty in pediatrics and radiation oncology. I was invited to deliver the curriculum to the UVM Family Medicine department, including physicians, nurses and office staff.

RESEARCH AND SCHOLARLY ACTIVITIES

RESEARCH AWARDS AND GRANTS *[Current and Pending Grants, Contracts, etc.]*

[List grant title and number (*use the NIH format so that this can be cut and pasted into NIH style biosketch*), your role on the grant (e.g. PI, co-investigator, or consultant.), (funding period, source of funding, the following direct costs for year 1, total direct costs for entire period of grant is optional)]

Ongoing Research Support

Frymoyer Grant	Robinson (Co-PI)	2021- Present
Development of a Pediatric Critical Airway Curriculum		
Develop clinical protocols to care for children with critical airways. Promote team-based learning through experiential learning.		
Role:	Co-PI	

Vermont AHS Department of Health	Rachel Garfield (PI)	07/01/18 – Present
Adolescent Transition of Care		
The goal of this project is to develop a curriculum and supporting workflows in pediatric and medicine specialty clinics to promote independence of adolescents as they transition to adult care.		
Role:	Faculty / Project Leader	
Direct Costs Year 1:	10% Salary Support	
Total Period:	$	

Vermont AHS Department of Health	Rachel Garfield (PI)	01/01/17 – Present
Chronic Care Initiative		
The goal of this study is to perform a needs assessment for children with chronic and complex-chronic diseases seen at UVM Children's Hospital and to lead quality improvement projects to improve health outcomes.		
Role:	Faculty / Project Leader	
Direct Costs Year 1:	10% Salary Support	
Total Period:		

Completed Research Support

	Doerschuk (PI)	07/01/13-12/31/14
Ruth L. Kirschstein National Research Service Award (T32) Training Grant		
The goal of this project was to identify key elements to be included in a clinical decision-making tool that integrated with PortCF and identify barriers to implementation. A protoype of the tool was developed along with an implementation strategy		
Role:	PI	

	Esther (PI)	01/01/12-06/30/13
Cystic Fibrosis Foundation Training Grant		
The goal of this project was to research best practices in cystic fibrosis and identify opportunities to integrate them into the electronic health record. A gap analysis was conducted regarding the data collection in the electronic health record relative to the Cystic Fibrosis Foundation registry, PortCF. A proposal was developed to standardize data entry for patients with cystic fibrosis and develop an informatics prototype for a standardized clinical tool in the electronic health record.		
Role:	PI	

	Robinson (Co-PI)	07/01/16-06/30/18
EMS for Children		
The goal of this study is to assess gaps in emergency care in pediatric and family medicine primary care practices and develop an improvement plan		
Role:	Faculty	
Direct Costs Year 1:	5% Salary Support	
Total Period:		

Pending

Selected Unfunded Grant Submissions (include scoring if available)

	Robinson (Co-PI)	Submitted: 5/2020
Implementing and maintaining pediatric asthma quality during COVID-19 (IMPAQ during COVID-19)		
The goal was to expand our previous work evaluating a PQMP quality measure to reduce emergency department encounters for asthma in the context of the COVID-10 pandemic.		

Role:	Co-PI	**NIH Appl. ID:** 10176015 **Application ID:** 3 U18 HS025297-04S1

	Robinson (Co-PI)	Submitted: 4/2017
Advanced Elective in Improvement Science – Frymoyer Grant		
The goal of this proposal was to develop a novel curriculum to teach advanced improvement science and population health to resident physicians.		
Role:	Co-PI	

	Robinson (PI)	Submitted: 2/2017
Creation of a Multidisciplinary Airway Center – UVM Health Network Patient Safety Grant		
The goal of this application was to create a multidisciplinary airway center at the University of Vermont Medical Center for adults and children.		
Role:	PI

Asthma Smart Form

I designed and implemented the "Asthma Smart Form". The asthma smart form is a clinical decision making tool in Epic, the electronic health record. The asthma smart form allows

clinicians to more easily adhere to the National Heart Lung and Blood Institute (NHLBI) Asthma Guidelines. Dynamic alerts appear to clinicians to indicate when medications should be increased or decreased based on assessments performed according to the NHLBI recommendations.

The asthma smart form automates completion of asthma action plans, another NHLBI guideline recommendations. Additionally, the asthma smart form also documents disease triggers, medication technique, patient adherence, and patient goals for the next visit. Data from the asthma smart form is stored longitudinally for clinical care, quality improvement and research.

I have presented this work at national conferences including the Epic Physicians Advisory Council and the Northern California Asthma QI Collaborative. Other organizations have sought to adopt the Asthma Smart Form.

Asthma Patient Education Videos

I was part of a team to develop patient education videos for patients with asthma. I developed the main theme of the video, authored a significant portion of the copy and served as the moderator for the videos. The videos are publicly available on YouTube in English and Spanish.
English: https://www.youtube.com/watch?v=aAG3Q8owzw8

Quality Improvement and Patient Safety Activities

University of Vermont Children's Hospital / University of Vermont Medical Center	
2019 – Present	Collaborative Visits Utilizing Telemedicine I am leading a project to utilize telemedicine to do simultaneous visits with primary care providers, specialty providers and patients in order to promote efficiency, safety and efficacy in the healthcare system.
2019 – 2021	iPad Use for Inpatient COVID Admissions Developed pathway to utilize iPads in the care of patients with COVID-19 to improve communication with patients and families while reducing risk to healthcare team members
2019 – Present	Venous Thromboembolism (VTE) Quality Improvement I am part of an interprofessional team to increase screening for VTE for patients admitted to UVM Medical Center according to national best practices. I am building the clinical decision support tools in Epic.
2019 – Present	Pediatric Cardiology Lipid Screening Program Identified need to adhere to Bright Futures, NHLBI, AAP and USPFTF recommendations to screen children for dyslipidemia. I guided team on developing global and SMART aims for the project. I built screening tools to track process measures in Epic.
2019 – Present	Pediatric Professor Rounds Improvement Identified areas to improve a key educational experience for pediatric residents by standardizing presentations to American Board of Pediatric content specifications and promoting active learning. Collected outcome data as well as pre and post intervention surveys to determine strength of interventions.
2018 – 2020	Traumatic Brain Injury Pathway I worked with an interprofessional team to develop care pathways for children with traumatic brain injury at UVM Medical Center. We presented our work at Pediatric Grand Rounds
2018 – Present	Food Insecurity in NeoMed Follow up Clinic Our interprofessional team implemented a food insecurity screening program that integrated with case management services and access to food shares from the Children's Specialty Center Food Pantry. A poster was presented at the Vermont Oxford Conference.
2018 – 2019	Open Notes for Inpatient Units Developed standardized discharge note template and provider education to implement Open Notes for discharge summaries from inpatient units.

2017 - Present	Social Determinants of Health I built a previously validated screening tool in Epic that integrates into other modules to promote patient panel management. I am leading an interprofessional network team to standardize workflows to screen for SDOH and increase access to reliable interventions.
2017	Opiate Prescribing Task Force Improve systems to reduce overprescribing of opiates while improving provider education.
2016 – Present	Adolescent Transition Program Developed a novel co-collaborative workshop supported by SMS messaging that demonstrated increased engagement of adolescents preparing to transition to adult care.
2016 – 2017	Improving Medication Reconciliation for Patients with Cystic Fibrosis Developed a new process for integrating an improved medication reconciliation process in cystic fibrosis clinic.
2016 – 2019	Pediatric Phlebotomy Lab Design Identify opportunities to improve care for children receiving phlebotomy services and design clinical workflows to improve care.
2016 – Present	Improving Food Insecurity Screening on Inpatient Pediatrics Lead project to improve the accuracy and reliability of food insecurity screening on inpatient pediatrics.
2016	Pediatric Emergency Department Redesign Identified opportunities to improve patient experience and communication between providers when caring for children in the emergency department.
2016 – 2019	Improving MyHealth Enrollment We have increased enrollment in the patient portal from under 5% to over 30% in the children's specialty center while identifying areas to improve the portal functioning.
2016 – 2019	Adolescent and Young Adult Transition Workgroup Developed workflows to improve patient education regarding the transition to adult care among adolescents admitted to the hospital.
2016 – 2019	Improving IPASS Use Among Residents at UVM Medical Center Assisted in the development of an informatics tool and associated education to reduce errors related to handoffs among all UVMMC residents.
2016 – 2019	Implementation of Open Notes Developed support from key stakeholders and patient advocates to implement Open Notes to improve patient safety and patient engagement.
2015 – Present	Increasing Asthma Control Assessment in Primary Care Pediatrics Lead a multidisciplinary team to improve adherence to NHLBI asthma guidelines using the Asthma Smart Form.
2015 – 2019	Asthma Clinical Pathways Lead a multidisciplinary team to develop and implement clinical pathways to improve care of children experiencing asthma exacerbations.

2015 – Present	Tracheostomy Team / Airway Center Development Lead a multidisciplinary team to identify patients with critical airways and improve guideline based care and staff education.
2015 – Present	Solutions for Patient Safety Site Leader Evaluate longitudinal data for hospital acquired conditions, develop improvement strategies, network with leaders from other children's hospitals. We received 2 national awards as a Top Performer for Central Line Associated Bloodstream Infections and preventing Adverse Drug Events.
2011	Implementation of IPASS among Pediatric Residents Implemented use of a validated tool to reduce errors related to handoffs in clinical practice among pediatric residents
2010	Development of an Acute Asthma Clinical Pathway in the Emergency Department Developed and implemented a clinical pathway to standardize treatment of children in the emergency department experiencing asthma exacerbations.
North Carolina Children's Hospital / University of North Carolina Health Care	
2015	Increasing MyChart Enrollment Lead a multidisciplinary team to increase enrollment in the patient portal and improve patient engagement.
2015	UNC Children's Airway Center Patient Centered Medical Home Participated on a team to obtain AHRQ certification as a patient centered medical home for subspecialty.
2012 – 2015	Pediatric Asthma Clinical Pathways Worked with a multidisciplinary team to develop and implement clinical pathways to improve care of children with asthma exacerbations.
2012 -2015	Cystic Fibrosis Adolescent Transition Team Developed and implemented a program to improve the system of care for pediatric patients transitioning to adult care using age appropriate assessments.

SUMMARY OF SCHOLARLY ACTIVITIES

I have written quality improvement manuscripts on a variety of topics including asthma care, health-related social needs, and graduate medical education. I have also written a chapter about quality improvement for Rudolph's Pediatrics Study Guide. My work has been presented at regional, national, and international conferences.

Education

Bachelor of Social Work Aurora, IL **August 2022- Present**
Aurora University Expected Graduation Date 05/2024

- GPA: 4.0
- Earned Student Honors & Dean's List

Associate of Behavioral Science Winooski, VT **August 2019- May 2022**
Community College of Vermont

- GPA: 3.80/4.0
- Earned Student Honors & President List

Experience

Northern Tier Center for Health (NOTCH) St. Albans, VT **September 2021- Current**
Community Health Worker

- Care Coordination/ Chronic Care Management Panel
- Assisting patients in accessing medical, dental and community support services
- Organizing and providing patient outreach and education
- Prior Authorizations/Medical Necessity Forms & Letters
- Providing health education and coaching

University of Vermont Medical Center Burlington, VT **August 2016 – Current**
Unit Secretary/ Licensed Nursing Assistant**- Per Diem**

- Providing ongoing administrative support
- Gathering patient files to be sent to other departments
- Providing daily care on patients

VT Food Bank Winooski, VT **December 2021-August 2022**
3SquaresVT Student Ambassador/Professional Field Experience/Internship

- Raising public awareness about 3 Squares VT by providing public outreach
- Decreasing stigma associated with state benefits by outreach
- Resource building for the Community College of Vermont

VT Department of Children and Families Williston, VT **April 2018 – February 2021**
Administrative Assistant/Case Aid

- Developed and maintained a client data
- Applications for community support services.
- Supervised parent/child contact

Skills

- Strong relationship-building, written and verbal skills
- Competent time management, organizational, and problem-solving skills
- Ability to seek supervision when needed or appropriate
- Ability to work as a member of an interdisciplinary team and in an interagency collaboration

- Extensive experience in ensuring client satisfaction while balancing programmatic demands and limitations
- Strong interpersonal skills (proficiency in interviewing, basic negotiation, and mediation)

AND

C. Convert Leslie Ferrer from a Consumer BlueCross BlueShield Manager to an Ad-hoc Manager, continuing her term ending on January 31, 2026.

AND

The Board, having reviewed and discussed the recommendations of the Nominating Committee and the qualifications of the candidate, hereby appoints Keith Robinson, MD to the Population Health Strategy Committee.

AND

The Board, having reviewed and discussed the recommendations of the Nominating Committee and the qualifications of the candidates, hereby appoints the following individuals to the Patient and Family Advisory Committee:

A. Matthew LeFluer

B. Robert Oeser

C. Amanda Reid

Analytics Update

Leah Fullem, Vice President Enterprise Information Mgmt & Analytics

UVMHN Data Management Office

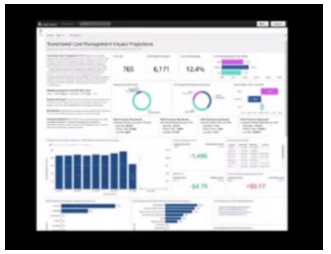
Population Health Analytics

Enable proactive interventions and data-driven decision making

- Arcadia: Clinical, claims and other data sources are aggregated to provide comparative analytics for evaluating ACO performance measures and identifying improvement opportunities across populations
    - Quality Performance
    - Patient Needs & Risk Stratification
    - Network & Provider Performance
    - Financial & Contract Performance
    - Risk Coding Performance
    - Health Care Delivery and Point of Care insights
    - ACO Program monitoring & evaluation

- Flexible reporting options- exported PDFs (Bindery), self-service dashboards (Vista), web-based clinical decision and provider performance data (Core Web)

Arcadia Rollout



Preliminary Launch

September 2023

- Primary Care Report Release
- Medicaid Data Live
- Small group of users in Core Web (OCV Staff and Pilot)
- Training begins for internal users

October 2023

- Medicare Data Live
- HSA Report Release
- Executive Report Release
- Collect User Feedback

November 2023

- MVP QHP Data Live
- Collect User Feedback
- Additional Users added to system

December 2023

- All users added to the system
- Releasing additional reporting functionality in Core Web and Vista
- Collect User Feedback
- Begin Health Catalyst Decommission

LIVE

January 2024

- OCV fully LIVE in Arcadia
- Health Catalyst Decommissioned
- Launch first 2024 PHM report

PY2022 Annual Quality Results Overview

OneCare PY2022 Quality Overview

- Program quality measure results provided for:
  - Medicare - Payment
  - Medicaid
    - Traditional – Payment
    - Expanded – Reporting Only (claims-based measures)
  - BCBS QHP & BCBS Primary - Reporting
  - MVP QHP - Payment

Medicare 2022 Quality Performance

- PY2022 contained payment and reporting measures throughout the four domains:
  - Patient/Caregiver Experience
  - Care Coordination/Patient Safety
  - Preventive Health
  - At-Risk Population
- Points are awarded based on performance rate against applicable benchmark
- Specifications used followed CMS Web Interface 2022
- Notable specification changes:
  - Tobacco Use: Screening and Cessation Intervention *(reduced allowable look back period for cessation intervention)*
  - Depression Screening & Follow-Up Plan *(limited approved sources that qualify under follow-up plan criteria)*

Medicare Clinical & Claims Summary

Measure	2020 Rate	2021 Rate	2022 Rate	2022 Benchmark Percentile
30 Day Follow-Up after Discharge from the ED for Alcohol and Other Drug Dependence (FUA)	25.16	25.16	57.02	N/A
30 Day Follow-Up after Discharge from the ED for Mental Health (FUM)	51.25	54.95	48.59	N/A
^ All Cause Unplanned Admissions for Patients with Multiple Chronic Conditions (ACO-38)	30.11	31.61	30.35	N/A
Colorectal Cancer Screening (ACO-19, Prev-6)	74.49	76.81	73.60	70th →
^ Diabetes Mellitus: Hemoglobin A1c Poor Control (>9%) (ACO-27, DM2)	13.65	9.98	10.00	90th →
Hypertension: Controlling High Blood Pressure (HTN2)	65.32	71.48	70.00	70th →
Initiation of Alcohol and Other Drug Abuse or Dependence Treatment (IET)	33.33	28.52	31.11	N/A
Engagement of Alcohol and Other Drug Abuse or Dependence Treatment (IET)	5.07	4.30	4.02	N/A
Preventive Care & Screening: Influenza Immunization (ACO-14, Prev-7)	80.08	80.38	80.00	80th →
Preventive Care & Screening: Screening for Clinical Depression & Follow-Up (ACO-18, Prev-12)	56.35	64.67	61.92	60th
Preventive Care & Screening: Tobacco Use, Cessation & Intervention (ACO-17, Prev-10)	75.00	80.77	70.21	70th ↓
Hosptial-Wide-30-Day,	13.17	13.63	12.84	N/A

Measures with an (^) are inverse measure(s), a lower rate indicates better performance.
Benchmark percentile(s) with an N/A indicate no benchmarks available for PY2022
Some measures have had benchmarks added for PY2023

Medicare CAHPS Summary Details

- Patient/Caregiver Experience
  - 20 possible points, 8.75 earned
- Historical CAHPS Information
  - PY2021 – Reporting only; all ACO's moved to CAHPS for MIPS *(alters benchmark/scoring)*
  - PY2022 – Payment, updated benchmarks
- There are 10 domains within the CAHPS patient experience survey
- OneCare experience decreased performance rate/benchmark in six domains:
    - Getting Timely Care, Appointments and Information
    - Patient's Rating of Provider
    - Health Promotion and Education
    - Stewardship of Patient Resources
    - Courteous and Helpful Office Staff
    - Care Coordination

Medicare CAHPS Summary

Measure	2021 Rate	2022 Rate	2022 Benchmark Percentile
CAHPS: Getting Timely Care, Appointments, and Information	82.95	81.31	30th ↓
CAHPS: How Well Your Providers Communicate	94.25	94.06	70th →
CAHPS: Patients' Rating of Provider	92.17	91.78	40th ↓
*CAHPS: Access to Specialists	69.40	70.40	<30th
CAHPS: Health Promotion and Education	64.24	60.75	60th ↓
CAHPS: Shared Decision Making	60.24	60.56	60th ↑
CAHPS: Health Status/Functional Status	81.38	78.80	N/A
CAHPS: Stewardship of Patient Resources	24.78	15.84	<30th ↓
CAHPS: Courteous and Helpful Office Staff	94.59	94.01	70th ↓
CAHPS: Care Coordination	87.93	83.39	<30th ↓

**Access to Specialists had newly aligned benchmarks in 2022*
Benchmark percentile(s) with an N/A indicate no benchmarks available for PY2022

VMNG Traditional 2022 Quality Performance

- PY2022 contained payment and reporting measures
- Earned points were based on scale of 0 to 2
- HEDIS MY2022 specifications used for PY2022
- Bonus/Penalty points for significant improvement/decline
- OneCare earned bonus points in the following measures:
  - Follow-Up after discharge from ED for AOD
  - Diabetes: Hemoglobin A1c Poor Control
- OneCare lost bonus points in one measure: Engagement of AOD (50th percentile in PY2021)
  - Rate for PY2022 was 13.78% just below the 50th percentile (14.03%)

VMNG Traditional Summary

Measure	2020 Rate	2021 Rate	2022 Rate	Benchmark Percentile
30 Day Follow-Up after Discharge from the ED for Alcohol and Other Drug Dependence (FUA)	32.68%	32.89%	61.36%	90th →
30 Day Follow-Up after Discharge from the ED for Mental Health (FUM)	79.36%	81.66%	83.61%	90th →
Child and Adolescent Well Care Visits (WCV) 12-17	54.46%	61.60%	61.55%	75th →
^ All Cause Unplanned Admissions for Patients with Multiple Chronic Conditions	0.92%	.80%	.79%	N/A
^ Diabetes Mellitus: Hemoglobin A1c Poor Control (>9%) (CDC)	38.98%	31.99%	25.20%	90th →
Hypertension: Controlling High Blood Pressure (CBP)	56.87%	62.37%	63.71%	50th →
Initiation of Alcohol and Other Drug Abuse or Dependence Treatment (IET)	41.07%	36.71%	36.34%	<25th →
Engagement of Alcohol and Other Drug Abuse or Dependence Treatment (IET)	19.07%	15.65%	13.78%	25th ↓
Follow-Up after Hospitalization for Mental Illness (7 Days) (FUM)	50.45%	50.92%	54.66%	75th →
Developmental Screening in the First Three Years of Life	58.69%	56.10%	56.65%	50th →
Screening for Clinical Depression and Follow-Up Plan	45.82%	54.28%	51.46%	N/A
Tobacco Use, Cessation & Intervention	80.81%	92.46%	92.53%	N/A

Measures with an (^) are inverse measure(s), lower rate indicates better performance.
Benchmark percentile(s) with an N/A indicate no benchmarks available for PY2022.

VMNG Expanded Summary

Measure	2020 Rate	2021 Rate	2022 Rate	Benchmark Percentile
30 Day Follow-Up after Discharge from the ED for Alcohol and Other Drug Dependence (FUA)	29.13%	34.01%	51.98%	90th ↑
30 Day Follow-Up after Discharge from the ED for Mental Health (FUM)	72.78%	74.11%	74.79%	90th →
Child and Adolescent Well Care Visits (WCV) (12-17)	35.82%	36.42%	35.28%	<25th →
^ All Cause Unplanned Admissions for Patients with Multiple Chronic Conditions	4.17%	1.89%	2.33%	N/A ↓
Initiation of Alcohol and Other Drug Abuse or Dependence Treatment (IET)	47.93%	42.99%	46.19%	50th ↑
Engagement of Alcohol and Other Drug Abuse or Dependence Treatment (IET)	25.29%	19.44%	23.51%	90th ↑
Follow-Up after Hospitalization for Mental Illness (7 Days) (FUM)	40.94%	42.02%	47.17%	75th ↑
Developmental Screening in the First Three Years of Life	39.44%	45.71%	41.24%	50th →

Measures with an (^) are inverse measure(s), lower rate indicates better performance.
Expanded cohort only contains claims based measures.
Benchmark percentile(s) with an N/A indicate no benchmarks available for PY2022

BCBS QHP & Large Group 2022 Quality Performance

- All measures were reporting only therefore, no points or bonus points awarded
- Quality Compass and CMS QRS benchmarks used for PY2022
- BCBSVT leveraged the HEDIS MY2022 specifications
- Initiation and Engagement for BCBS QHP went from <25th percentile in PY2021 to 75th percentile in PY2022
- ACO All-Cause Readmissions for both plans showed significant decline in performance and benchmark percentile

BCBS QHP Clinical & Claims Summary

Measure	2020 Rate	2021 Rate	2022 Rate	Benchmark Percentile
30 Day Follow-Up after Discharge from the ED for Alcohol and Other Drug Dependence (FUA)	28.57	N/A	50.00	90th
30 Day Follow-Up after Discharge from the ED for Mental Health (FUM)	96.55	N/A	100.00	90th
Child & Adolescent Well Care Visits (WCV)	64.22	68.82	67.58	75th →
^ACO All-Cause Readmissions (PCR)	0.6096	0.5052	0.6310	25th ↓
^ Diabetes Mellitus: Hemoglobin A1c Poor Control (>9%) (CDC)	24.82	20.44	20.19	90th →
Hypertension: Controlling High Blood Pressure (CBP)	59.37	62.29	65.45	50th →
Initiation & Engagement of Alcohol and Other Drug Dependence Treatment (Composite) (IET)	24.65	19.85	26.39	75th ↑
Follow-Up after Hospitalization for Mental Illness (7 Days) (FUM)	61.54	60.00	59.38	N/A
CAHPS Patient Experience: Care Coordination Composite Score	89.56	89.93	86.16	75th ↓
Developmental Screening in the First Three Years of Life	77.00	68.62	70.44	N/A
Screening for Clinical Depression and Follow-Up	43.73	43.70	52.33	N/A

Measures with an (^) are inverse measures, lower rate indicates better performance.
Benchmark percentile(s) with an N/A indicate no benchmarks available for PY2022.
BCBSVT was unable to produce rates for PY2021 for 30 Day Follow-Up after discharge from ED for AOD and Mental Health due to vendor system upgrade.
FUH measure did not have an approved CMS QRS benchmark for PY2022, Plan and ACO agreed to use N/A since no point or financial impact

BCBS Large Group Clinical & Claims Summary

Measure	2020 Rate	2021 Rate	2022 Rate	Benchmark Percentile
30 Day Follow-Up after Discharge from the ED for Alcohol and Other Drug Dependence (FUA)	27.27	32.35	50.00	90th →
30 Day Follow-Up after Discharge from the ED for Mental Health (FUM)	81.25	90.00	86.54	90th →
Child & Adolescent Well Care Visits (WCV)	70.37	70.95	67.22	75th ↓
^ ACO All-Cause Readmissions (PCR)	0.6172	0.4079	0.6145	25th ↓
^ Diabetes Mellitus: Hemoglobin A1c Poor Control (>9%) (CDC)	22.14	17.52	19.71	90th →
Hypertension: Controlling High Blood Pressure (CBP)	59.61	65.45	62.04	50th ↓
Initiation & Engagement of Alcohol and Other Drug Dependence Treatment (Composite) (IET)	27.04	25.83	28.70	75th ↑
Follow-Up after Hospitalization for Mental Illness (7 Days) (FUM)	69.77	71.95	47.73	25th ↓
CAHPS Patient Experience: Care Coordination Composite Score	N/A	93.24	81.00	90th
Developmental Screening in the First Three Years of Life	76.03	76.69	72.93	N/A
Screening for Clinical Depression and Follow-Up	42.35	53.20	55.91	N/A

Measures with an (^) are inverse measures, lower rate indicates better performance.
Benchmark percentile(s) with an N/A indicate no benchmarks available for PY2022.
Developmental Screening is currently under review with BCBSVT relative to potential missing members from denominator/numerator.

MVP QHP Quality Performance

- MVP QHP uses HEDIS MY2022 specifications
- All quality measures (claims and clinical) are payment
- Measures with fewer than 30 patients, where points redistributed:
  - Follow-Up after ED for AOD
  - Follow-Up after ED for Mental Illness
  - Follow-Up after Hospitalization for Mental Illness (7-Day)
- MVP QHP quality measure benchmarks include Commercial PPO/EPO and CMS QRS source.
- ACO All-Cause Readmissions (PCR) showed significant decline from PY2021 to PY2022

MVP QHP Summary

Measure	2020 Rate	2021 Rate	2022 Rate	Benchmark Percentile
30 Day Follow-Up after Discharge from the ED for Alcohol and Other Drug Dependence (FUA)	100.00	N/A	0.00	<50th
30 Day Follow-Up after Discharge from the ED for Mental Health (FUM)	66.67	100.00	100.00	90th →
Child & Adolescent Well Care Visits (WCV)	55.71	70.34	68.76	75th ↓
^ ACO All-Cause Readmissions (PCR)	1.99	0.3888	0.6977	<50th ↓
^ Diabetes Mellitus: Hemoglobin A1c Poor Control (>9%) (CDC)	21.43	16.33	22.44	90th →
Hypertension: Controlling High Blood Pressure (CBP)	51.23	61.07	65.94	50th →
Initiation & Engagement of Alcohol and Other Drug Dependence Treatment (Composite) (IET)	18.02	26.52	17.01	<50th ↓
Follow-Up after Hospitalization for Mental Illness (7 Days) (FUH)	66.67	63.64	33.33	N/A

NOTE:MVP QHP did participate in CAHPS Patient Experience and results were shared with the payer program, however due to "reporting only" status it is not reflected on our annual scorecard.
Measures with an (^) are inverse measures, lower rate indicates better performance.
FUH measure did not have an approved CMS QRS benchmark for PY2022, Plan and ACO agreed to use N/A since no point or financial impact

OneCare Vermont Accountable Care Organization
Board of Managers Resolution Invoking Participation Waiver for Support of Clinical Coverage for Network Skilled Nursing Facilities

WHEREAS, there is a critical shortage of medical director and attending physician clinical services in Vermont Skilled Nursing Facilities ("SNFs"); and

WHEREAS, SNF level of care is essential for the effective function of a health care delivery system and the lack of medical director and physician services affects the entire delivery system; and

WHEREAS, lack of clinical coverage at SNFs can result in their inability to accept and hospitals' inability to discharge patients who are not in need of acute care from inpatient settings; and

WHEREAS, OneCare has been working with a broad range of dedicated stakeholder partners in an effort to secure medical director and physician services for Vermont SNFs including: Vermont Agency of Human Services; Vermont Association of Hospitals and Health Systems; University of Vermont Health Network; Vermont Health Care Associates; Skilled Nursing Facilities of VT and individual providers; and

WHEREAS, the long-term stakeholder planning continues, and there is also a short term need for SNFs to have support in engaging clinical services; and

WHEREAS, OneCare allocated the sum of $200,000 in its 2023 budget to be used to support SNFs; and

WHEREAS, OneCare has decided to use that budget to make payments of $50,000 each to four SNFs in its network, requiring that the funds will be used to increase availability of clinical care in the facility; and

WHEREAS, OneCare has consulted with various stakeholders and reviewed available information to determine the four SNFs who are the most appropriate recipients of the payments in terms of need and impact on OneCare's ACO Activities; such information including receipt by SNFs of emergency state funding, staffing levels, availability of coverage and census;

WHEREAS, this funding is a one-time occurrence, is not intended to be an ongoing source of funds, as the goal is for SNFs to be financially self-sufficient in funding medical director and clinical care in their facilities and OneCare remains committed to collaboration in co-developing medical services models to support Vermont SNFs; and

WHEREAS, OneCare participates in the Vermont All Payer ACO Model Vermont Medicare ACO Initiative and the Vermont Medicaid Next Generation Program. The Secretary of the Department of Health and Human Services by and through CMS, and the Department of Vermont Health Access, have provided certain waivers of federal and state fraud and abuse laws in connection with the Vermont All Payer ACO Model ("APM"), the Fraud and Abuse Waiver Notice for Vermont ACO Initiative.

WHEREAS, The Participation waivers are available when, among other things, the governing body of the ACO has reviewed and determined that the arrangements are reasonably related to ACO Activities. ACO Activities include:

- Promoting accountability for quality of care;
- Promoting accountability for cost of care;
- Promoting accountability for overall care;
- Managing and coordinating care;
- Encouraging infrastructure investment;
- Encouraging investment in re-designed care processes for high quality and efficient services delivery;
- Carrying out any obligation or duty under the Vermont ACO Initiative or the Vermont Medicaid NextGen Program (together "Programs");
- Direct patient care;
- Promoting evidence-based medicine;
- Promoting patient engagement;
- Reporting on quality and cost measures;
- Coordinating care with telehealth, remote monitoring and other technologies;
- Establishing and improving ACO clinical systems;
- Establishing and improving ACO administrative systems;
- Meeting Programs quality standards;
- Evaluating patient health;
- Communicating clinical knowledge;
- Communicating evidence-based medicine; and
- Developing standards for patient access and communication including via medical records.

BE IT RESOLVED by the Board of Managers (the "Board") of OneCare Vermont Accountable Care Organization, LLC ("OneCare") as follows:

The OneCare Board of Managers has duly authorized the arrangements for OneCare to provide a one-time $50,000 payment to each of the listed in-network skilled nursing facilities and has made a bona fide determination the arrangement is reasonably related to one or more of the above ACO Activities, including managing and coordinating care and accountability for quality, cost and overall care. Hospitals throughout the state are holding patients who do not need acute care in inpatient settings due, in part to a lack of nursing home capacity that has been limited as a result of lack of medical director and clinical services. Creating more capacity in SNFs will benefit the quality of care and cost of care for patients.

Therefore, the Board extends the protections afforded under the ACO Participation Waiver to the $50,000 clinical capacity building payments to the following skilled nursing facilities:

1. Kingdom Kare
2. Suncrest Healthcare Communities
3. Mayo Rehabilitation Center
4. Helen Porter Health and Rehabilitation Center

OneCare Vermont Accountable Care Organization

Board of Managers Resolution to Move to Executive Session

September 19, 2023

BE IT RESOLVED by the Board of Managers (the "Board") of OneCare Vermont Accountable Care Organization, LLC ("OneCare") as follows:

> The Board will now move into executive session in order to discuss subjects that are outside of the scope of the ACO's public meetings. For this meeting those include: (1) subjects that are or use trade secret information; (2) status of ongoing contract negotiations; and (3) confidential attorney-client communications.

Three Outstanding Questions About CMS's Ambitious New AHEAD Model

September 14, 2023, HealthAffairs

OneCare is highlighted in this piece as one of the three successful models already implemented on which the new CMS AHEAD Model is built. The AHEAD Model, "is the next step in an ongoing evolution," of the three successful models, according to this article. The recent positive NORC report is referenced, as is the VTDigger reporting on BlueCross BlueShield of Vermont dropping out of OneCare.

UVM Health Network pressures regulator prior to budget votes

September 12, 2023, VTDigger

OneCare is mentioned in this coverage in the context of the new GMCB members showing, "a willingness to pursue more aggressive regulatory action."

Hour 1: OneCare Vermont on Vermont Viewpoint

September 8, 2023, Vermont Viewpoint, WDEV Radio

Abe Berman, interim OneCare CEO, is interviewed live by Kevin Ellis. The NORC report was the "hook" for the interview, but the full scope of the interview allowed for an overview of OneCare, the vision for the future of health care in Vermont and OneCare's role in getting us there, as well as addressing some of our challenges and highlighting examples of our work that is already making positive impact.

OneCare to appeal regulatory order with cap on executive pay

September 8, 2023, VTDigger

Coverage of the brief notice OneCare filed with the Vermont Supreme Court of OneCare's intent to appeal the GMCBs 2023 budget order.

Vermont All-Payer ACO Successfully Drove Down Costs, Acute Care Over 4 Years

August 11, 2023, American Journal of Managed Care

Overview of third NORC evaluation of the Vermont All-Payer Model. OneCare's CMO, Carrie Wulfman, is quoted in the piece, *"Our progress to date has been encouraging.... Perhaps most importantly, OneCare has achieved an unprecedented level of connection among hospitals, primary care, and community-*

based providers working together to advance our mission of high-quality care and reduced health care spending."

Vermont ACO Model Delivers Success

August 4, 2023, NAACOS blog

Key findings of NORC report and lessons from Vermont that can be applied to other models and states.

Government Relations

State Legislative Update

There are no legislative updates this month

Green Mountain Care Board

The Green Mountain Care Board spent the Month of August and the beginning of September listening to Hospital Budget presentations. Budget decisions must be finalized by September 15th with budget orders to follow. Hospital budget information can be found here:

OneCare Vermont submitted the required certification documentation to the GMCB on August 29th and are currently preparing materials for OneCare's 2024 PY Budget due on October 2nd.

Outreach and Advocacy

Events, Shares, Articles, and Resources

Listen to our interim CEO, Abe Berman, discuss how OneCare is working toward quality-focused and patient-centered care. Find the full Vermont Viewpoint podcast episode here: https://bit.ly/3Pc5FS5

On the blog this month, we highlighted the success of Green Mountain Pediatrics from one of our recent convenings of our OneCare participating members. Green Mountain Pediatrics shared how they successfully exceeded the child and adolescent well visits quality measure goals, as well as achieved 100% participation in the depression screening tool for eligible patients. Update to the Board on the Mental Health Screening Initiative September 2023

Mental Health Screening Initiative

- In Program Year 2023, OneCare made approximately $1.6MM available as part of a voluntary mental health screening initiative for primary care participants
- The initiative is aimed at improving mental health screening and follow-up rates in Vermont **and** expanding the electronic capture of mental health screening results and follow-up in support of statewide reporting
- The amount of the incentive is $9.72 per assigned attributed life, paid in semi-annual installments
  - The first payment was issued in May based on an attestation from participating providers to comply with electronic reporting requirements in September and December
  - 79% of eligible practices attested to participate in the initiative (spanning 127k of 158k or 80% of eligible attributed lives)
  - OneCare is currently in the process of collecting YTD screening and follow-up rates and should be in a position to report on program compliance and performance by mid-October
- The initiative is supported by OneCare Policy 04-22-PY23 *Mental Health Screening Initiative for Primary Care Participants* and the OneCare Mental Health Screening Guidance Document
